

POWER UP YOUR EVENTS

with **Greenplant.**

Plant, Tool & Event Hire

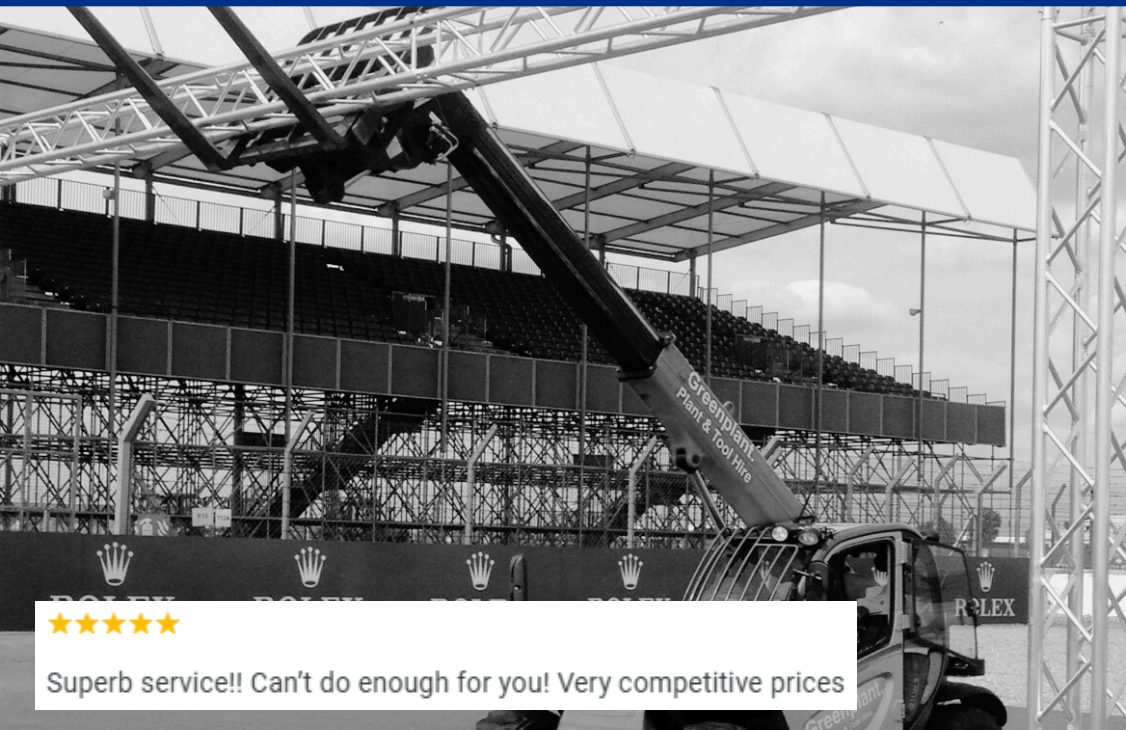

We make it easy

We're the suppliers' supplier – we provide the foundations for you to build your event delivery upon.

You'll find whatever you need for your event at Greenplant, with hundreds of items stocked across our depots. If we don't have it ourselves, we'll source it for you so **you have a one-stop, turnkey event infrastructure provider.**

Our team will work with you to select the right range of equipment for your event, tailor a package to your requirements, then get it all delivered, set up and ready to go on site while you focus on other things.

Superb service!! Can't do enough for you! Very competitive prices

If you need to:

- provide power, water, or fuel to vendors, stage equipment, or machinery
- keep areas well-lit
- have spaces for people to do desk work, take a break, or store things securely
- lift, shift, or move items on, off, or around site
- barricade secure areas
- corral pedestrians and vehicles
- keep people warm or cool
- protect the ground from foot and vehicle traffic
- work at height safely
- deal with other event aspects without worrying about getting all of these things sourced, installed and running

we're your people!

★★★★★

I've used them a few times now and they have given me great service and support for my requirements.

Join the fold!

When you use Greenplant to provide your event infrastructure, you join a stellar group of events and providers, including:
