TOM BALDWIN, C&C CONSTRUCTION

"We have been using Greenplant regularly for 4 years and can only offer the highest praise for the service we receive. We have never received anything but great quality plant and equipment from Greenplant, which is integral to our construction business. One of the best aspects of our experience with them is the speed at which they respond to requests for plant, often being able to get things delivered and collected the same or the following day. The friendly and efficient service we receive from Julian, Wayne, Aaron and the whole team is second to none. They are all an absolute pleasure to deal with and nothing is ever too much trouble. We cannot recommend Greenplant highly enough."

About Us

Since our inception in 2001, Greenplant has enjoyed ongoing success and a growing customer base each year. Our headquarters is an impressive facility housing a showroom, a warehouse and a workshop.

SERVICE WITH A SMILE

We are committed to providing exceptional customer service and the best experience possible. Our experienced and dedicated team, who cover all aspects of the business from customer enquiries to servicing, is on-hand to assist with any queries you may have!

MICHAEL WESTENBRINK, THE SWAN AT STREATLEY.

"We have worked with Greenplant on plenty of projects and have always found their clear approach in communication and thus managing client expectations very good. They meet deadlines and provide a fast and reliable service. The quality of plant is very good, the staff are all very professional and helpful, and with the complexity of some of our projects and plant needs they always have the client and their interests at the forefront. A pleasure to work with."

Plant Hire

At Greenplant, we continue to increase our fleet with high-quality products to make sure that you hire reliable and safe plant equipment. We place a growing emphasis on low-emission, economical and sustainable equipment that incorporates the latest technology.

Our equipment undergoes rigorous evaluation before it is introduced to our range.

Tool Hire

At Greenplant, we stock an extensive range of tools. We aim to provide our customers with the latest products and services. Our reputation is built on the affordability, reliability and quality of the equipment we supply.

A white rectangular sign with blue text is mounted on two grey posts. Two black-handled tools, a shovel on the left and a pitchfork on the right, are leaning against the sign. Below the sign, a black bucket with a red cloth draped over its edge sits on the grass. Next to the bucket are a pair of black rubber boots. The background consists of a green lawn and a dense green hedge.
